## Distraction Burglary Advice

Waltham Forest Police are appealing for assistance in relation to distraction burglaries. We would urge residents to check that elderly or vulnerable relatives, friends and neighbours are alerted that bogus callers are operating in Waltham Forest by posing as officials from the water board. The local safer neighbourhood teams are aware of these crimes and will be raising awareness about how to deal with bogus callers.

Not all burglars break into homes, some will try to trick or con their way in. They are known as bogus callers and will pretend to be on official business from respectable concerns such as the Council, Police, Health Authority or Water, Gas or Electricity.

They may even claim to be tradesmen or workmen calling to carry out urgent repairs. Their only aim is to get into homes and distract people and steal their money or valuables.

Bogus Callers succeed because they sound believable, so don't be fooled.

- They can sound convincing and persuasive.
- They may be men, women or even children.
- They may ask for a drink of water, to use your phone or wash their hands.
- Some may be looking for a lost pet. In fact they use any believable story.
- Watch out for anyone who says they are in a hurry. Don't let them pressure or confuse you

You should always be aware when someone you don't know calls at your door. Make sure in your own mind that they are who they claim to be by following these simple steps:

- Think before you open the door.
- Ask caller for proof of identity.
- The Utility Companies now offer a password identification scheme. Any caller from one of these companies should be able to give a pre-arranged password as additional proof of identity.
- Beware of callers who attempt to distract you by claiming that they have seen something untoward in your rear garden or somewhere which may encourage you to leave your house – they may have an accomplice awaiting this distraction.
- If you are not convinced of the identity of the caller, don't let them in. Ask the caller to come back later and arrange for a relative, friend or neighbour to be present on their return or ask the caller to contact this person.
- There is no such thing as a water board.

Genuine tradesmen should carry an identification card with their photograph on. Check this carefully. If you are unsure, telephone the company the caller claims to represent. You needn't use the telephone number they give you, use the telephone number in the phone book. Genuine callers will not mind waiting while you do this. Look out of the window to see if you recognise them. If you have a door spy hole or chain, use them.

Ask who it is before opening the door and make sure your back door is locked, even when at home. Treat every stranger with caution. If you are still worried, dial 999 immediately and ask for Police. The sooner Police know that bogus callers are working in the area, the quicker they can investigate.

**IF IN ANY DOUBT, KEEP THEM OUT AND DO NOT KEEP LARGE AMOUNTS OF MONEY IN YOUR HOME!**
